IN CASE OF FIRE—
CALL H4-1010

Vol. VIII

Lakeside, San Diego County, California, Thursday, May 7, 1953

No. 6

Chamber to Hear Talk On Social Security

At the next Chamber of Commerce dinner meeting to be held on Monday, May 11 in the Kiwanis Hall at 7 p. m. Mr. Adam J. Kupiec, C. L. U. manager of California-Western States Life Ins. Co. of San Diego will speak on "Social Security."

Mr. Kupiec as an agent, was an outstanding personal producer being a member of his company's leading clubs, App-A-Week, Ten-A-Month Club, El Capitán Club and was member of the President's Top Ten Producers. Went into the management end of the life insurance business in 1949; during the year of 1952, his San Diego Agency made a clean sweep of all his company's honors for the 11 Western States, Hawaii and Alaska, winning the Anniversary Award; the Board of Directors' Trophy, and climaxed the year by winning the coveted Presidents Trophy. In winning these awards, the San Diego Agency produced more business in 1952 than has ever been produced in one year by any Agency in the history of his company. He is married and has four children. He is a Trustee of the First Presbyterian Church of S. D. Mr. Kupiec was awarded the distinguished Chartered Life Underwriter designation by "The American College of Life Underwriters" in 1951.

Reservations for the dinner at \$1.50 per person may be made by phoning the Secretary H4-1549 or H4-1343.

Several important issues will be brought up at this time. Be sure to attend.

Fire Training Program Under Way

The County Auxiliary Fireman Training Course started off April 16, with 35 persons attending the opening meeting at the Lemon Grove Youth Center Building. Upon invitation, fire chiefs from around the County attended and heard Asst. County Director Wadsworth orient trainees on the over-all picture of Civil Defense, with emphasis on the part Fire Services play in disaster preparedness.

Rescue Truck Arrives For County Use

Arrival of the new rescue truck during intermission time created a furor of excitement at the April zone warden meeting. County CD workers crowded about the handsome white vehicle to inspect the extensive array of equipment arranged with military orderliness in the truck's numerous compartments. Such items as wrenches, a blow torch, gas masks, stretchers, wire cutters, cables, block and tackle, winch, lantern, first aid kits, blankets and its own electrical power unit are carried in the special body designed according to FCDA specifications.

The state-owned truck comes to the County organization to be used for training purposes, and to be maintained here in readiness for disaster service whenever and wherever needed. Duane Siebert, who will direct the training program, states an eight-man crew is required for operation, and he hopes to train several outfits in anticipation of more trucks to be held and manned in this area.

The "Gold Comet," as the model has been named by Reo Motors, is being exhibited around the County and already applications are swarming in for the rescue training which will begin in late May or early June.

Candidates for Little League Teams

At a meeting held on Tuesday evening boys were auctioned off and chosen by the four teams. If they prove successful at the Try-Outs those eligible will be placed on the rostrum of their respective team.

Kiwanis players will practice Thursday, May 7, 6:30, Little League Ball Field.

Optimists will practice Thursday, May 7, 5:00 p. m., Lakeside School Grounds.

Chamber of Commerce, Friday, May 8, 5:15, Lakeside School Grounds.

Vets, Friday, May 8, 5:00 p. m., Ball Field, Little League.

Official Double Header Game scheduled for Memorial Day, May 30, Little League Baseball Field in Lindo Park.

Letter to the Editor

Editor
Lakeside Star
Lakeside, California

On reading your issue of April 30th, I was startled to notice the use of my name in a published letter, apparently signed by Bertha Polk and Edna Kouns, and apparently sent to the Trustees of the Lakeside Union School District.

This letter conveyed an entirely incorrect impression; the fact is that never at any time have I stated to anyone any opinion as to the matters covered by this letter, nor given any information as to those matters and I request your newspaper to make public my denial to that effect.

The only time I have ever talked with either Mrs. Polk or Mrs. Kouns was on the occasion of a phone call sometime ago by a lady who stated she was making a survey, I believe at the request of Mr. Walker, as to bus transportation costs. I gave the figures of the Santee District; nothing else was discussed and I gave no opinion. On a phone call to Mrs. Kouns, I was informed that the inquirer was Mrs. Polk.

I do not wish to be involved in any dispute; and I do not wish my name to be used in this connection.

JESSIE M. BLISS
Business Mgr. Santee School

Endorse Tax

May 4, 1953

Board of Trustees,
Lakeside Union School Dist.
Lakeside, California.
Gentlemen:

At the April 27th meeting of the Lakeside Citizens' Education Committee the question of the \$0.39 Excess Tax was discussed a length and the following action taken:

The motion was made, seconded and passed by unanimous vote of the 14 eligible members present that the Committee recommend that the Excess Tax should be continued for a period of one year, same to be applied to a blanket increase in all Certified and Un-Certified Personnel salaries in the Lakeside Union School District.

Yours respectfully,
Tom Barkdull,
Chairman, Lakeside
Citizens' Education
Committee.

Merchants Meet To Air Problems

A meeting for local merchants was called by Chairman Bob Watkins last week to air the many problems which are confronted by businessmen. This is under the Chamber of Commerce. Because of the many burglaries in this area, Captain Jameson, undersheriff of S. D. County and Lt. McIntyre and Fry were present at the meeting.

1. As is known Tom Jones is a watchman for Lakeside, paid six days pay per month by County Sheriff's Dept. His duties — to be subject to call on emergencies — burglaries. Should render service when called.

2. Prowl car for east area which is Lemon Grove, Spring Valley and around La Mesa, and El Cajon, Bostonia, up 80 and Lakeside, Ramona. One extra patrol car on Saturdays and Sundays. Present force — 1 Sergeant, 2 Detectives, 2 Deputies.

3. After July 1st one extra patrol car will be issued to this area and possibly two if they warrant it.

Lemon Grove had same problem, but since they changed watchman the Breaks and Entries have decreased.

We have had ten to twelve break entries or burglaries in the last three months which is showing an increase for previous three months.

Meetings will be called from time to time and all merchants are urged to attend them. Notices will be given before meetings.

Mother's Day Breakfast Scheduled May 10

The men will again take over the kitchen and prepare breakfast in honor of all mothers on Mother's Day, May 10, at Our Lady of Perpetual Help Church, Lakeside.

Mr. Rudy Shellum, chairman, says the chefs will prepare the eggs and toast to suit mother's special taste.

Breakfast will be served from 9 a. m. to 12 noon. Everyone is invited.

Let's Review The Record

Of late I have been strongly urged to make a statement concerning the problems which will confront the voters of this district in the coming Trustees election. This I have been reluctant to do. I am not a candidate, and theoretically at least, my office is not a political one. As a citizen, however, and one who is deeply interested in the affairs of this community, particularly as they relate to the education of children, I feel that recent incorrect information requires that every effort be made to place the truth before the people. In the remarks which follow, I shall endeavor, insofar as possible, to include only statements which can be verified by official records in the school district office or in the office of the County Superintendent of Schools.

My interest in this community is more than a professional one. I grew up here, and, except for the period when I was away at college and for the years I spent in the Navy during the war, my lifetime has been spent here. For more than forty years I have watched first hand the development of this district and during more than 20 years of that time I have been engaged in working with our public schools, first as an elementary teacher, then as high school teacher, for a short time as evening high school principal, and for the past six years as district superintendent. It is also interesting to note that I qualified for school administration in 1939 and despite rumors to the contrary, have held an administrative credential valid at all levels of both secondary and administrative education in California public schools since that date.

Since 1947, as chief administrator of this district, I have been charged with the responsibility of carrying out the policies of the Board of Trustees, and under their direction to provide for this community the best educational program possible under the circumstances. This I have tried to do, and, until recently, I have believed, with some degree of success. A year ago, for example, the official minutes of the district for the regular April meeting show that the board by unanimous vote of those present evaluated my work as above average in each category, and that subsequently, also by unanimous vote, my contract, which still had a year to run, was changed to a three year contract. It was therefore with considerable surprise that I became suddenly aware that I was in serious disfavor in some quarters. It is also interesting to note that this sudden apparent dissatisfaction developed subsequent to the recent Proposition 2 campaign, when I unfortunately found it necessary to disagree with some of those now involved in the present campaign. Since that time, the educational program in this district has been under continuous attack, and the community has been flooded with numerous charges and complaints.

The True Facts

For the purposes of the record, let us now examine some of these charges:

1....Charge: The building program has been wasteful and extravagant and has saddled this and future generations with enormous debt.

The Facts: Building programs are always easy targets for sniping and second guessing. The facts are, however, that our school buildings, while excellent, are not extravagant and are similar in cost and construction, when everything is taken into consideration, to those built in the city of San Diego and elsewhere. They were designed, in fact, by an architect who has designed similar schools for the city of San Diego and who, by the way, was employed by this district prior to the time that I or any of the present board members, except Mr. Dunham, was in the picture. The plans and specifications were approved not only by our Board of Trustees, but also by the State Department of Education, the State Division of Architecture, and the State Department of Finance. We went to bid, it is true, immediately after the beginning of the Korean conflict when prices were abnormally high, but the contracts were awarded on the basis of competitive bids, which were the best which could be obtained at the time.

These buildings are being financed, moreover, on a state (Continued on Page 8)

ENDORSEMENTS

The persons whose names are signed below endorse the candidacy of C. RUPERT LINLEY and TOM BARKDULL for election as members of the Board of Trustees of the Lakeside Union School District. We believe that the interests of good public education will be best served by their election. We believe that Superintendent Elmer M. Walker has performed excellent services for the benefit of the Lakeside Schools and the children of our district, and we are not in sympathy with any plan to secure his resignation or discharge.

Warren, Eleanor K. Dreybus, Laura Weese, Bette Dreybus, John Dreybus, William J. Berdus, Thos. R. Martin, Hilda Shockley, Catherine G. Maynard.

Election For Two Trustees May 15

Two trustees will be elected at the polls on May 15 in the Lakeside School on May 15. Candidates who have filed are Mrs. Edna Kouns, Messrs. Tom Barkdull, C. Rupert Linley and Hart Dunham. Be sure to vote. Remember the date, May 15th. Inspector Mrs. Evelyn Langworthy, Judges Mrs. Mae Swink, Isabelle Johnson.

"Schools Are Big Business" Display In Huffman's Window

A very interesting display on "Schools Are Big Business" with every department of the schools in Lakeside shown was represented in the window of Huffman's Dept. Store last week during Public Schools Week. The following information will startle you we are sure: In the Lakeside School there are 522 students. In Lindo Park 425. There are 33 teachers, 5 secretaries, 3 bus drivers, cafeteria personnel 5, maintenance man 1, custodians 5, gardner 1, business manager 1, nurses 2.

Typical classrooms with cut outs of each student were artistically arranged. The many departments such as Hi Y, Tri Hi, Glee Club, Band, School offices and school rooms were shown. The teachers and students who created this fine display can be proud of their work.

Lakeside Rod & Gun Club Annual Yellowtail Derby

Two new way-ins in the Yellowtail Derby sponsored by the Lakeside Rod and Gun Club were brought in last week. The entries are as follows:

E. R. Kouns—19.4.
Charley Brown—18.8.
Dane Carender—14.8.
Jimmy Wade—14.8.

Get in the race Guys and Gals —there are 26 valuable prizes to be given away at end of Derby. A \$65 Spinning Outfit and many more. There is no entry fee, just catch a Yello and register at Cecil's Sporting Goods Store in Lakeside. Prizes are on display in window.

Voters To Decide

To All Residents Of Lakeside

To all residents of Lakeside. The Lakeside Fire Department is for your protection, supported by you through yearly subscriptions of \$5.00 from each property owner. Have you paid yours yet?

WARNING

The following rules must be obeyed. There is to be no burning without a FIRE PERMIT. NO OPEN hour burning after April 15.

Fire Permits may be obtained at Harrison's Mobil Station, 228 N. Maine St. at no cost.

To Call Election

The Trustees of the Lakeside Union School District are calling an election June 22 on the matter of the present 39c excess tax. The board at their Monday budget meeting decided to put the case up to the voters.

Those present at the meeting were unanimously in favor of continuing the tax. With this opinion to go by the board voted in favor of continuing the tax. Purpose of the tax now is to use the money to raise teachers salaries to a basis comparable to neighboring communities.

Honors Veteran From Korea

Mrs. John Birtes gave a dinner party last Wednesday evening in her home to celebrate the homecoming of her youngest son, Clarence Griets who has just returned from Korea where he served for 14 months. Two more sons, Albert and Jack and their families were also present at the reunion. This is the first time in eight years that the three sons have been together. Clarence left the latter part of the week for West Virginia where his wife and two daughters are awaiting his arrival.

Farm Bureau Meets Tonight

The regular potluck dinner meeting of the Lakeside Farm Bureau will meet Thursday (tonight) May 7, 7:00 p. m. in the Lakeside Memorial Building.

San Diego County Horse Industry by speakers who are specialists in each field will give the program. Breeding Horses, Pleasure and Show Horses, Development of Trails are some of the subjects which will be discussed. Come and hear this different and interesting program. Don Conroy will be program chairman for the evening. Hart Dunham will preside over the business meeting. Everyone is invited to attend.

Here's Your Chance

The Atlas Fence Company, 268 Eighteenth St., San Diego, today announced an essay contest with fences and bicycles for prizes open to every San Diego City or County home owner or member of home-owning family.

Prizes for the best 100-word letters on the subject, "Why we should have an Atlas Chain Link Fence for our home," or a 200-foot Atlas Chain Link Fence completely installed, three Schwinn racing bicycles and one-half to one-third reductions on fence installations.

Also, every entrant is entitled to 10 per cent off on any Atlas Chain Link Fence ordered by August 1, 1953.

The contest ends May 31. Entries to be eligible must be postmarked not later than midnight that date and mailed to the

To Attend Son's Graduation

Mr. and Mrs. Max Jenkins and their daughter Virginia will leave on Friday for Vernal, Utah to attend the graduation of their son and brother Philip who will graduate from High School on May 20th. The Jenkin's will visit in that area for two weeks visiting Mrs. Jenkins mother and two brothers.

At Monday's, May 4 budget meeting the trustees of the Lakeside Union School District after a show of hands from the audience voted to put the matter of the present 39c excess tax up to the voters.

New Post Office In Sight

It now appears that at long last construction will start on the much needed new post office. The Star understands that the contract has been let to John Paul, an El Cajon contractor and is expected to be ready for occupancy August first.

Candidate Gives Qualifications

With relation to the coming election of May 15th for two members of the Board of Trustees of Lakeside Union School District, Mr. C. Rupert Linley makes the following statement:

The issues and the facts involved in the forthcoming election have been set forth fully in previous statements for the benefit of impartial voters, but it seems that the qualifications of candidates should be repeated.

I am 47 years of age, and have resided in Lakeside since June of 1945 with my wife, Betty, and have two children, one of whom was born after we moved to Lakeside, both of whom attended Lakeside schools. I have lived in San Diego County for 26 years, and my wife was born in San Diego; I have been an attorney at law since October of 1936. I am a past president and a member of the Lakeside Chamber of Commerce, as well as the El Cajon Valley Chamber of Commerce; was one of the organizers of the Lakeside Civic Corporation, and have always been active in Lakeside community activities; I have been on the executive committee of the Lakeside P. T. A. and regularly a member thereof; also, at present and for the past several years have been a member of the Lakeside Farm Bureau Center. I have regularly supported and occasionally attended the Lakeside Community Presbyterian Church, and am not a member of any church; I am a member of El Cajon Valley Lodge No. 576, Free and Accepted Masons of California. Also, I was one of the organizers of the Lakeside Optimist Club and was extended an honorary membership.

My service to the schools began November of 1946, when I was appointed as a member of the Board of Trustees of the Lakeside Union School District, and I have served diligently in that capacity to the present time; also for about the last year I have been Vice-President of the San Diego County Trustees' Association.

I cannot refrain from mentioning further that, in my opinion, Tom Barkdull is the best qualified of the other three candidates for this serious task which deserves the highest type of leadership obtainable. Also, let me urge every voter to appear at the polls at the Lakeside Union Grammar School Friday, May 15th, and vote as his conscience dictates, so that the issues will be resolved by a majority rather than by any minority pressure group.

BIographical NOTES
Tom Barkdull
Note: The facts below may be found in the publication "Who's Who on the Pacific Coast." (Marquis Company).
Born Cherokee, Iowa, May 9, 1912.
Grammar and High School education, Wessington Springs, South Dakota.
Educated in Civil Engineering at South Dakota School of Mines in Rapid City, South Dakota and in Marine Architecture at Caltech in Pasadena, California.
Employment:
1933-34-35—Office Engineer for Pacific Engineers, Los Angeles.
1936-37—Field Engineer, Metropolitan Water District, Field Headquarters, Banning, California.
1938-39-40-41 — Surveyor for California State Division of Highways, District 7, Los Angeles, Calif.
1941-42-43—Office Engineer for Consolidated-Vultee Corp., Plant Engineering Dept., San Diego, Calif.
1944—Field Construction Engineer, Ryan Aeronautical, San Diego.
1945—Present Licensed Land Surveyor in private practice in

San Diego and Lakeside, California.

Licenses held: Land Surveyor in California and Arizona, Credential in Special Subjects (Mathematics and Mechanical Drawing in California, Instructor in First Aid, Bureau of Mines, US Dept. of Interior.
Married, 3 children.
Clubs and organizations: Kiwanis Club, Lakeside, Director and past President; Lakeside Recreation Association, President; Lakeside Citizens' Education Committee, President; San Diego Engineers' Club; Lakeside Chamber of Commerce; Lakeside Civic Corporation; San Diego County Sheriff's Reserve.
Property owner in Lakeside.
Business listings in both San Diego and Lakeside.

Facing an audience that broke all records for a budget meeting that was scheduled for the administration building but had to be held at the Lindo Park School all purpose room to accommodate those present, the trustees took up the matter of the budget for the coming year.

The expected fireworks did not develop and those who came with the object of putting Supt. Walker on the spot found that gentlemen had all the answers again proving that his ability as an administrator leaves nothing to be desired. Very few present voiced any opinion and one who came to the meeting loaded for bear was after Walker answered him left rather deflated with nothing to offer after that.

In discussing the advisability of retaining the present 39c excess tax the main thing that stuck in the craw of the objectors was Prop. 2 which when the voters were asked to support, were more or less assured would do away with the excess tax. They had a good point but appeared to be convinced that if they were to keep up with adjoining districts and keep their teachers the tax must be retained.

Those present appeared unanimous in their desire to see the teachers get the raise. In this a few present tried to pin the trustees down to promise to see that the money went for no other purpose although they were fully aware that legally the trustees could not, as trustee Claycomb pointed out do this as individuals or a board.

Linley pointed out that he felt he could not do this as an elected representative to serve the district, not having a crystal ball to foresee the future. He added that the purpose of continuing the tax was to give the teachers and employees a liveable wage scale but that was as far as he could conscientiously commit himself.

McLain's only comment was to ask if it was necessary to keep up with the neighbors.

Hart Dunham had little to say but what he said was the crux of the matter.

Stated Dunham, "I feel that the wage increase is warranted and whether or not this board votes to continue the tax the matter rests with the voters and well put it right in your lap before deciding." A show of hands of those present was then called for with the result that those in favor were 99% for.

The board then moved to put the matter on the ballot.

The insistence of a couple present to pin the trustees down on the matter of keeping the tax money for one purpose brought Bing Miller to the floor with the comment that if these people had so little faith in their trustees after their past record they had better ask the trustees to resign, and put in a hand-picked board of their own selection. Bing added that were he a trustee he'd resign on the spot. Bing's broadside had the effect causing those making the issue to call for a vote of commendation for the outstanding work the trustees had done for the district.

Alpine Report

L. TITUS — H4-2479

Bill Koehl, Alpine realtor, was operated on Wednesday, at Mercy Hospital for removal of a kidney stone. Reports from the hospital indicate Bill withstood the surgery excellently and will soon be back home.

Reports indicate the Alpine Chamber of Commerce is working to bring water to Alpine from King Creek Ranch. While no details are as yet available for publication, it is understood this progressive organization is not considering a bond issue, but rather formation of a corporation. Such a step is bound to find favor with the already overburdened taxpayer. There are many residents of the Alpine area capable of financing such a corporation who have expressed a willingness to take part in such a development. It is to be hoped the general public will show their interest and co-operation in this great improvement. There is already a dam on King Creek impounding about three million gallons; with the erection of a higher dam at the confluence of King Creek and Poverty Creek, enough water could be impounded to supply a city of seven thousand persons. Since this water source is located in the heart of Cleveland National Forest it is safe from contamination for all time. So let's all let the forward looking officers and members of the Alpine Chamber know we are behind them.

The flies are still with us, despite an "annual" cleanup on a local chicken ranch during which tons and tons of accumulated filth were removed. Why was this muck allowed to accumulate? Health rules require such removal constantly to prevent just such conditions as now prevail. It is to be hoped Chairman Walters of the County Health Advisory Board will give this matter his early attention, and that the desperately needed Zoning Ordinance will soon be enacted.

The Pilgrim Fellowship, Junior Division, will hold a Progressive Dinner Party at a date to be announced soon. The boys and girls are giving Mrs. Runbeck, Advisor of the group, their enthusiastic support.

Grossmont Community Hospital Auxiliary slates a benefit luncheon following a 10 a. m. business meeting May 8 at the George Daley Ranch off Highway 94.

Reservations, open to members only, may be made with Mrs. George Gonard, area chairman for Jamul, or Mrs. J. W. McKinley, of the Ways and Means Committee. The proceeds aid the hospital.

Mr. and Mrs. Max Wellhoefer and Mr. and Mrs. Oscar Heiman, of Manitowoc, Wisconsin, are visiting Mr. and Mrs. L. J. Kuitnik, at the Alpine Habit Auto Court on Highway 80. They will leave May 6 for Honolulu, where they will visit the Wellhoefer's daughter Jean.

They spent most of the month of April in Mexico City, and upon their return stateside will visit in Pasadena.

Mr. S. P. Archer, of Victoria Drive reports his son Buddy is now on Kwajalein Island, with the Navy. Buddy expects to complete his period of service on that station.

Services are pending at John-Son-Saum and Knobel Mortuary, San Diego, for Mrs. Katherine F. Barrie, 83, of Descanso, who died Tuesday in a San Diego hospital. Mrs. Barrie had been a San Diego County resident for 26 years. She was a native of Texas. She is survived by her husband, John King Barrie.

Commr. Rudy Oeser, of Alpine, has filed his candidacy for the position of Trustee on the Alpine School Board to succeed Mrs. Phyllis Shepard. Commr. Oeser, a public spirited citizen, and a resident of Alpine since 1912, has been in the forefront of many movements for the improvement of the Alpine area. He is present treasurer of the Library Ass'n, and secretary of the Alpine Chamber of Commerce.

Mrs. Raymond Smith, of San Diego is now a patient at Dr. Sutton's Health Foundation, in Alpine, for post-operative care.

Dr. Sutton's National Advertising of his Health Foundation has brought many inquiries about Alpine from points throughout the country.

Sergeant Alan Hittle, Sr., of Escondido, was killed when his car went over the 450 foot embankment on the Poway Cutoff. The deceased was a brother of Kenneth Hittle, of Alpine. Alan Hittle, Jr., 15 months, escaped with minor bruises. Sgt. Hittle was returning to his home in Escondido, after visiting in Alpine, when the accident occurred.

Seventeen Alpine Boy Scouts enjoyed an Overnight Camp at Green Valley Falls Saturday and Sunday. They report considerable advancement was accomplished.

A Board of Review was held Tuesday evening in preparation for the Court of Honor on Tuesday evening, May 5.

The present rains will cause the weeds to grow in your garden. Call L. Titus, H4-2479, for a Boy Scout to cut the weeds. The Boys need the work and you need the weeding to keep your garden clean and beautiful.

A number of local residents have been disturbed by the dropping of fruit by their apricot trees recently. Inquiry at the San Diego Agricultural Office assures this is a natural phenomenon. If not over 50% of the fruit is dropped all is well. If over 50% it is usually caused by excessive watering. The University of California advises watering at two week intervals.

A group of San Diego County Cattle Ranchers toured the Curt Massey ranch, in Cleveland Na-

tional Forest, near Alpine on Wednesday, as part of the "Better Feed for Better Beef" Convention. Many of the group paused in Alpine for rest and refreshments on their way home.

The staff of the Alpine post-office find the work load increasing daily, owing to the increasing population of Alpine. Postmaster Phil Hall again urges residents to inform their correspondents of their Route and Box numbers to avoid delay in receiving mail or having mail returned to sender because of insufficient address. Why not co-operate?

The following Kiwanians and their wives attended the Ramona Pageant at Hemet on Saturday: Dr. Frank Bornowski and Mrs. Bornowski; Carl and Mrs. Schweiss; Kenneth and Mrs. Douglass; John N. and Mrs. Vitell; Mrs. Forrest Hohansheilt and Mrs. Marc Schaeffer.

They report a fine performance and a sell-out crowd. The party left Alpine at 8:00 Saturday morning, stopping for breakfast at Escondido. After the barbecue in the evening the return trip began. All went well till the Barney Oldfield of Alpine, Carl Schweiss, was stopped by the law in Alvarado Canyon and presented with an invitation to a judges party for driving too slow in the left-hand lane. It is now proposed to hold an Interclub meeting in the Traffic Court with members of all San Diego and nearby clubs attending. The club "pot" will be passed among the brethren to defray the assessment by hizzoner. Music by the Bastille Quartette, with President Chas. W. Kern occupying the bench with the court.

Carl K. Barnes, treasurer of Alpine Kiwanis has returned home from Naval Hospital and expects to return to work next week.

At the recent election of the Alpine Players, Mrs. Haakon Magnussen was elected secretary and treasurer, this being the only elective office in the organization this year. From now on the Players will operate on a more democratic basis, with the more active members performing on committees. So far the new format has proved to be working very satisfactorily. At a meeting Sunday evening plans were made to present another play in the near future.

At last Tuesday's meeting of the Women's Club the Players presented the play "Family Album," which was enthusiastically received by an overflow crowd.

The regular monthly meeting of the Alpine Youth Center Board of Directors will be held on Monday, May 4, 8 p. m. at the Women's Club. All members are urged to be present. There will be a discussion of the Carnival to be held on the Center grounds June 6 and 7; as well as other business.

Chas. W. Kern, proprietor of the El Cajon Nursery, on Highway 80, in El Cajon, has a full supply of bedding plants and shrubs ready for the spring planting. Those interested in

beautifying Alpine and environs would do well to inspect the display. Mr. Kern is participating in the landscaping of the new Alpine school grounds and will also assist in landscaping the grounds of the new Alpine Community Church.

BOSTONIA BRIEFS

By Toy Musgrave
H4-0288

"Mother Nature's Backyard" is the May theme of Cub Scout Pack 152. Awards for crafts and handiwork will be given at the Friday evening meeting, May 8, at the Bostonia School Cafeteria, at 7:30 p. m. The Standard Oil Company is providing films for the evening, on nature.

Committee members are needed to assist the Cub Scoutmaster, Sam Spade. A meeting for parents will be held on May 28. The location and time of the meeting will be announced at a later date. Any parents that will help with the Cub Scouting work, please call Mr. Spade at H4-7227.

The Bostonia Jr. Women's Club will meet Wednesday evening, May 13, at the Girl Scout House on North Second St., at 7:30 p. m. Books still are needed for the library at Edgemoor Farms. Any and all donations of books could be left at the Girl Scout House, Wednesday, May 13, or Mrs. Truett Thornton would be very happy to receive them at her residence, 1315 Naranja, at any time.

Mrs. F. W. Larkworthy's residence, 1140 North Second Street, will be the scene of installation of new officers of the Bostonia Sr. Women's Club, Wednesday afternoon, May 6. Co-hostesses will be Mrs. Floyd Cannon and Mrs. Anton Steek.

Polka Dot Not Always Fashionable

The polka dot complexion is widely seen among the younger set at this season. Chicken pox is an infectious disease that spreads rapidly. By the age of 15, three out of every four children have had it. Fortunately, they rarely have to suffer through it more than once.

In spite of the discomfort, chicken pox is one of the mildest of childhood diseases. But the symptoms are something like those of smallpox. Therefore, the doctor should be consulted at once if a child develops a rash of pink spots with a slight fever, headache, and loss of appetite.

The rash will usually appear first on the trunk, then the face, and, in severe cases, may cover the whole body. The spots change to blisters which become crusted with scabs within three or four days.

During this time constant itching make the child extremely uncomfortable. It will take all Mother's ingenuity to distract

him and keep him from scratching and possibly infecting the eruptions.

To prevent infection, fingernails should be cut short, hands washed often, and clothes and bedding kept fresh and clean. Very young children may need mitts on their hands or stiff tubes extending over their elbows to restrain them from scratching.

The doctor may prescribe a soothing lotion. Scars of scratched eruptions will fade in time, but meanwhile they may be hard on the vanity of a teen-aged youngster.

The chicken pox virus is passed on through secretions from the mouth and nose and fluid from the blisters, usually from one day before until six days after the blisters appear. The disease breaks out two to three weeks after exposure.

Health department rules generally allow children who have not had chicken pox to go to ten days after they have been exposed. They are then kept home from the 10th to the 21st day.

(This column is sponsored, in the interest of better health, by the San Diego County Tuberculosis and Health Association and the El Cajon Record.)

Armed Forces Day To Be Observed

Armed Forces Day will be celebrated on May 16th. Under the slogan "Power for Peace," the fourth Armed Forces Day will be observed as a time for tribute to the armed services and to the unity of the American people.

Rear Admiral John W. Roper, USN, Commandant of the Eleventh Naval District, is State Project Officer for Southern California. He has designated his assistant liaison officers from the other services as Sub-Area Project Officer to coordinate participation by the armed forces in community events in the areas indicated.

Rear Admiral Roper and Major General J. T. Walker, USMC, San Diego and Imperial counties.

Major General Emmett O'Don-

The above named officers will head committees composed of representatives from each of the armed forces. These committees will work with civic groups in arranging programs for participation of the armed forces in community events. Announcements will be made at a future date as to what these programs will be. In the meantime, civic organizations desiring further information are requested to contact the Project Officer in their immediate vicinity.

Robert B. Anderson, Secretary of the Navy, made the following statement in reference to Armed Forces Day: "Armed Forces Day 1953 is a forceful reminder that a strong and well balanced military establishment offers America its best hope for peace in this century of continuing crisis. The unity of our Armed Forces adds strength to our national security and lends firmness to our foreign policy."

Armed Forces Day was established by Presidential proclamation in 1950 in lieu of the anniversary dates which had been celebrated by the individual services. The designation of a single occasion was in line with the creation of the Department of Defense by act of the Congress.

Camp Fire Girls Concluding Peanut Sale

The San Diego County Area Council of Camp Fire Girls is rapidly concluding its recent peanut sale according to word released from the organization's county office today. The sale saw Camp Fire Girls sell almost twice and a half as many peanuts as any other sale product sold previously.

The Singing Blue Bird group of Linda Vista proved to be the top selling group in the county as its ten members sold well over 3000 cans of peanuts. Mrs. Richard Foster is leader of the group and its members are: Eleanor Rogers, Kathy Inscore, Sandra Pursley, Marietta Goebel, Lana Moore, JoAnne Rubalcava, Roberta Foster, Sandra Flanagan, Carol McLaughlin and Janice Willie. The group will spend an expense free weekend at Camp Wolahi late in May in recognition of their selling prowess.

Last week some fifteen hundred Blue Birds and Camp Fire Girls enjoyed a theater party also rewarding outstanding sales achievements.

The Camp Fire Girls organization would like to take this opportunity to express its appreciation to the many many citizens throughout the county who supported the sale, proceeds of which will be used to supplement the operating budget and improve Camp Fire Girls Camp Wolahi.

"Hot flashes" of Change of Life stopped or strikingly relieved

in 63-80%* of the cases in doctors' tests!

• Those suffocating "heat waves" — alternating with nervous, clammy feelings — and accompanied often by restless irritability and nervousness — are well-known to women suffering the functionally-caused distress of middle life "change"! You want relief from such suffering. And—chances are—you can get it. Thrilling relief! Thanks to two famous Lydia Pinkham medicines!

*In doctors' tests, Lydia Pinkham's Compound and Tablets brought relief from such distress in 63 and 80% (respectively) of the cases tested. Complete or striking relief!

Thousands Have Benefited
Amazing, you say? Not to the many thousands of women who know from experience what these Lydia Pinkham medicines can do! Their action — actually — is very modern. They exert a scientifically calming, soothing effect!

Try Lydia Pinkham's on the basis of medical evidence! See if you, too, don't gain blessed relief from those terrible "hot

flashes" and weakness so common in "change of life." Don't put it off! Get Lydia Pinkham's Vegetable Compound or new, improved Tablets with added iron (trial size only 59¢). Wonderful — too — for the functional pains, cramps, "dragged-out" feelings and other discomfort of monthly menstrual periods!

HORSE SHOW

A crowd estimated at 4000 spectators saw a fine exhibition at Aztec Ring Sunday, put on by Convair Riding Club. There were 361 entries judged by Mr. Clyde Kennedy of Northridge, Cal. After the show, many stayed on at the Clubhouse and danced during the evening to a good orchestra. Mr. Lee House, General Chairman, expressed his thanks for the fine co-operation of all Committee members, Mat Clark, Announcer, Mark Beresford, Refreshments and John Glenn of F. H., kitchens, and others who assisted in making the show successful.

BLUE BIRDS FETED

There were eight out of the 14 member of Wonderland Group of Blue Birds who were eligible to attend the Camp Fire movie Saturday, April 25. They sold 60 or more cans of peanuts apiece during the recent drive. Girls who went to the Orpheum Theater were Trudy Gottshall, Cathy Manzella, Lita Rae Toseth, Peggy Sloan, Janet Sue Beisner, Mary Ann Duncan, Nancy Benson and Martha Field. Mrs. James K. Field, leader, wishes to thank everyone for their co-operation and courtesy to the children, who collectively sold 690 cans of nuts.

Mr. and Mrs. George McHenry, 34 Dryden Way, are planning a camping trip party at Idyllwild next week-end, with several friends from Convair and Fletcher Hills.

Jack Miller, son of Mr. and Mrs. Charles G. Miller, 520 Highland, is at home on a 41 day furlough after attending Air Force school in Cheyenne, Wyo. He will report at Camp Kilmer, N. J. before leaving for Europe.

Mr. and Mrs. Arthur Leslie returned home last Saturday after spending the winter with their son-in-law and daughter, Capt. and Mrs. F. D. Ingersoll in Massachusetts.

BLOOD MOBILE

The Blood Mobile will again be in El Cajon at Red Cross Headquarters 426 No. Magnolia, May 9th, 11 to 4 o'clock. Grossmont students have gone into action with baby sitting and are recruiting donors for the Blood Bank. Donors are requested not to eat for 4 hours before giving blood. The need not alone for the Armed Forces, but for processing into gamma globulin as a prevention against paralysis in polio.

The Motor Corps will furnish transportation. Telephone H4-7025. Mrs. Darwin E. Bennett is Chairman of the Blood Mobile and may be reached at H4-7006.

Mr. and Mrs. F. L. Bowerfind, 644 Garfield, gave a barbecue hamburger supper party in their patio for their daughter Fredrica Saturday evening. It was her 9th birthday. Assisting was her sister Kirby Lou with guests Stevie and Marty Fields, Barbara and Beth Ebey, Barbara Causey, Duncan, Sunny and Wendie Turrentine, Carol, Melody and Joy Pierce, Frances Harritt and Carolyn Clemmens, of Lakeside.

On Sunday the family spent the day at the beach fishing, and dined out.

A gay no-host party was held in the home of Mr. and Mrs. Jack Dramis, 721 Highland Friday evening, feting Mr. and Mrs. James P. Fraser, 508 Van Court, who are soon to leave for Oregon where Mr. Fraser has been transferred.

The evening was spent in dancing, and singing, music furnished by Kenneth Jackson with her accordion. Guests included Messrs. and Mmes. J. P. Fraser, Howard Hull, Jim Dillistin, Curly Wolfe, Don Melvin, Philip Singleton, Earl McDaniel, Martin Oliver, Mike Roberts, Gordon Vigen, Kenneth Wayne Jackson, of Mission Valley, Ed Schwartz, Clarence A. Dye and Dick Gleiforst.

Mrs. Robert Kuntz, 225 Ferdi-

nand Road, who was called East by her father's illness, en-planed Sunday with her two children Robby and Kathy, for an indefinite visit.

Candy Erickson and Leslie Ann Waldron, students of Allied Academy of the Dance, are two Fletcher Hills girls of the Majorette Corps which placed 2nd in the Junior Division of Baton Corps Saturday, May 2nd May-time Band Review.

Mrs. Roy E. Churchill and Mrs. Daisy Churchill entertained at a benefit party for Calavo Circle of La Mesa Congregational Church at their home, 5926 Murray, on Friday evening. Approximately 40 guests were present.

HOBBY CLUB

The Hobby Club of Fletcher Hills matrons will hold its regular meeting at a new time on Wednesday, 9 a. m. at the home of Mrs. Hazel Thomas, on Primrose Dr. New members in the club are Mmes. R. A. Czerwonky, George Reed, Betty Fetterly, Martha Neumann and Betty Forster.

Mr. Ira Evans, 5870 Murray, has improved somewhat from surgery performed about a month ago, but is still on the critical list.

Mrs. Foster E. Spence announces that the Reorganized Church of Latter Day Saints will give their second dinner on May 16, at 5:30, prices are one dollar for adults and fifty cents for children under 12 years. This is a once a month feature on the third Saturday as a fund raising means for a building of their own. At present all meetings, Sunday School and Church and the monthly dinners are at Veterans Hall in El Cajon.

Messrs. Jack Dramis and Don Melvin accompanied the Boy Scouts of F. H. on a camping week-end at Palomar Mt. return-

ing last Sunday evening.

GROSSMONT PTA

The Board of Grossmont PTA will meet in the Arts building, Thursday, May 7, at 3 p. m. according to Mrs. Jack Gould, Pres.

BROWNIES MAY DAY

Brownie Troop 803 had a wonderful time with their May baskets, and when they ran out of baskets, corsages were used. There were variations of the basket idea, for mothers and invalids and some women without children were remembered also.

Shirley Roberts, President of Troop 803 and a Fletcher Hills child, is one of two Brownies to win the \$15.00 Campership given by La Mesa Women's Club, to send a member on the annual camping trip.

Mrs. Darwin E. Bennett entertained a group of friends with luncheon at the San Diego Symphony Luncheon and Fashion Show Maytime Festival at Balboa Park. Guests were Messdames Hall Williams, Fred E. Ross, Lloyd Loftus and Dora LaFond.

Dr. and Mrs. Bennett were in Palm Springs last week-end, and were guests of Dr. and Mrs. E. H. Calvert, who also entertained her daughter and son-in-law, the Morgan Davises, and grandson, with a picnic lunch.

William Bennett has been home for a week between semesters at the family home, 436 Murray Dr.

Lt. Comdr. and Mrs. Philip Singleton, will spend Mother's Day week-end at Warner's Hot Springs.

Reverend and Mrs. LeCompte, accompanied by Mrs. Victor Bitter, Mrs. Harlan Driscoll and Mrs. Alex Gay motored to Los Angeles Monday to attend an all-day District meeting of Presbyterian Churches.

AUXILIARY SUPPER

The Firemen and their ladies, members of the Auxiliary, held their planned pot-luck supper Saturday evening from 7 to 9. Members attending were Messrs. and Mmes. W. J. Carnahan, K. Goff, W. E. Taylor, Mack Schubert, Clifford L. Cook, Jr., W. C. Plummer, D. C. Griffin, William H. Paine and Norman Borgen. Next meeting of the Auxiliary is May 14, at Fran Goff's, 402 Southern Rd. Sally Cook will talk on Club procedure dealing with "motions."

Sunday evening found Mr. and Mrs. Norman Borgen and

Crappie Angling Good At Irvine

Crappie fishing has been good at Irvine Lake during the opening week, it was reported by the Automobile Club of Southern California. Angling for bluegill and catfish has been fair.

Conditions For Opening of Trout Season Remain Good

Conditions for the opening of trout season Saturday (May 2), are reported as the best in years, according to the Outing Bureau of the Automobile Club of Southern California.

There is little snow below the 8,500-foot area in the High Sierra country. Most of the snow is hard packed and the run-off is slow.

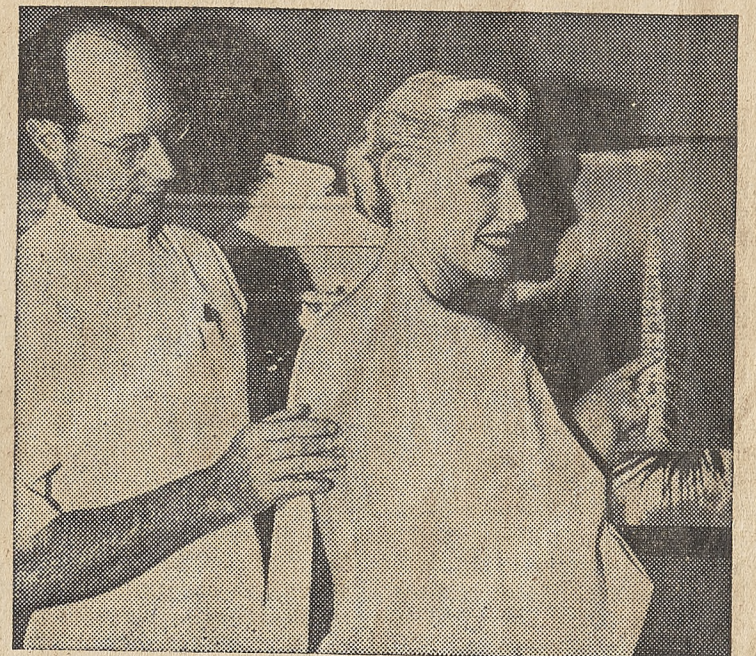

The conditions for good angling changed little following the rains earlier this week, the Bureau added. However, if the rains continue up to Saturday the chances for excellent fishing will be diminished.

Despite the rains, the Kern River remains low and clear. Conditions are excellent for trout fishing in the Tule River. In the California Hot Springs area, also on the west slope of the Sierra, the streams are low and clear.

The season opens official an hour before sunrise on Saturday.

HARTFORD, Conn.—A restaurant employee, Charles Ramos, was slicing hard-boiled eggs when he came across one with no yolk.

Mr. and Mrs. L. Van Hausen guests at the Sunnyslope home of the Ralph Sandels for a patio barbecue supper. Hamburgers and wieners and all the trimmings were served.

BEAUTY AND THE SPINE—While the doctor palpates her spine, the beauty points to her spinal X-ray, which is their way of drawing attention to "National Correct Posture Week", sponsored by the California Chiropractic Association.

"Today, doctors and beauty experts recognize good posture as a requisite of good health, personality and performance," Dr. J. Dawson Walp said in connection with "National Correct Posture Week." He is president of the California Chiropractic Association, sponsors of the posture program.

"It is a physiological fact," Dr. Walp continued, "that the key to all these is a healthy spine, housing the spinal cord which is the central distribution system of the nerves that control all organs and functions of the body."

He explained that strains, falls and bumps can be the beginning of a bodily disorder just as a chipped tooth or a squint can be the start of impaired dental

or visual health. He expressed the belief that periodic examinations of the spine and postural training are of equal importance with regular examinations of the teeth and eyes.

One of the objectives of "Correct Posture Week" is a regular spinal examination for every school child. Dr. Walp cited statistics from surveys in large schools which indicated 70 per cent of the children have some degree of postural defects which could lead to health complications in later years.

Dr. Walp emphasized that although chiropractic deals with the spine, the entire human body comes within the care of a Doctor of Chiropractic whom he described as the "family doctor" of today.

'The Youth Speaks'

By J. C. La Suer

"Sol" is certainly King these days, is not he? Boy it really gets hot out on the baseball diamond but I love it! Isn't summer grand? There are so many things a boy can do in the summer time. I guess girls can have fun too if they play ball. Another thing I am watching is our peach tree. It is loaded with green peaches. Did you ever have a "tummy" ache from eating them? This is perfect weather for going barefooted too!

My mother said when she was a little girl back East that on the first day of May all the kids shed their long handles.

A group of teen-agers surprised Barbara Anne Blanton Saturday evening by giving her a party at her home on Pepper Drive, Bostonia. She was celebrating her birthday.

If any of you young people have been wondering why we haven't heard any more about Youth Symphonette, Mr. Lawson is interested in getting started I can tell you the reason for the long silence. He has been quite ill. Hurry and get well, Mr. Lawson. We are anxious to have you able to resume your activities again.

Last winter a lady brought some acorns home from the mountains. She tossed some in a flower garden. Now there is a tiny oak tree growing there and she is quite proud of her "acorn" tree.

Have you noticed how many pretty gardens are appearing where once there were weeds, another sure sign that winter has finally retired from our part of the country?

Sometimes when I have work to do I wish I could trade places with my dog, Rusty. All he does is eat and sleep and play. If he wants to be lazy he can be. If he wants to play and run he can always find a flitting butterfly to chase and jump after. Yes, he sure has it easy. But when I want to go ride my bike he has to stay inside our yard fence, why he even gets chased out of the garden. I guess I'm pretty lucky after all. I'd hate to have to stay in a prison like he does, wouldn't you?

The answer to last week's question was Fanny Brice. This week we will describe a man that pouted a lot. He sat under the shadow of a gourd. He was thrown overboard into the sea during a storm because he tried to run away. He was the vomit of a fish. Now you know who he was, don't you? He was told to go to Nineveh. Who was he?

MORALE FOR EQUINES

KNOXVILLE, Tenn. — A pony belonging to Hurd Hull was killed attempting to climb a ladder to Hull's barn loft to get at the hay.

NO MORE SHOCKS

CHICOPEE, Mass. — Auto drivers no longer will be shocked when they slide behind the wheel on plastic seat covers. A substance that insulates the plastic surface against static electricity has been developed by a local plant.

Facts About Medical Education

In some circles there is a belief that medical education is lagging and is out of pace with the needs of the time — and that the only solution is a vastly extended system of government grants and subsidies.

The American Medical Association has now published a "Factbook on Medical Education" which does a first-class job of refuting that idea.

As the booklet's title implies, it is full of factual data concerning the medical education system as it exists today. It deals with the experience during the 1951-52 school year as contrasted with prior periods. A summary of the facts is given in these words: "Medical education, during the academic year of 1951-52, recorded these accomplishments: The largest medical school freshman class in history. The largest medical school four-year enrollment in history. The largest graduating class, while on regular schedules, in history. The greatest increase in teaching facilities in history. The best financial support of medical schools in history." It also points out that medical education is more than keeping up with population changes — from July, 1942 to July, 1952, the population increased 16.4 per cent while medical school enrollments jumped 22.8 per cent.

In short, the nation is getting more doctors and extremely well-educated doctors. This is one more example of how our medical care problems are being attacked and gradually solved — without making the government banker and boss and thus opening the road to socialized medicine.

We're All Coal Consumers

Industries we rarely think of make major contributions to our daily living — and to the comfort and convenience of modern life. Coal is among them. You are one of the coal industry's customers — even if you never buy a ton of the fuel.

It takes a ton of soft coal to make the coke needed to produce a ton of steel. There are 3,545 pounds of steel in the average modern automobile — which means that close to two tons of coal were consumed in its manufacture. There are almost 8,500 pounds of steel in the average six-room dwelling — and that accounts for better than four tons of coal.

In many areas, including some of our greatest industrial centers, coal is the fuel which is used for producing all or nearly all of the electric power. So every time residents of those areas press a light button they become indirect coal consumers.

Even if you're riding in a railroad sleeping car drawn by a diesel locomotive, coal is serving you — a carload of coal is needed to produce enough stiel for a 21-roomette sleeper!

This just touches a few high spots. It would take pages to list the products and services which stem in one way or another from coal — products and services that are used daily by tens of millions of us.

How's Your Buying Power?

This is an era of big wages and big salaries. But, after the ravages of taxes and inflation are taken into account, our take-home pay and our buying power is, in many cases, much lower than it was in allegedly less prosperous times.

The Foundation for Economic Education recently publicized an interesting example of this. Back in 1950, baseball star Ted Williams was given the most lush contract in the game's history — an estimated \$125,000 a season. The prior high was the \$80,000 paid to the legendary Babe Ruth. So, on the face of it, Williams was earning more than half again as much as Ruth.

However, after the deduction of federal income taxes (and without making allowance for any other taxes) it turns out that Ruth's 1931 take-home pay was \$68,535, while Williams' take-home pay was down to \$62,028. And when a further computation is made, and that take-home pay is translated into actual buying power, it is found that Williams' real income was but a little more than half of Ruth's.

Some people will nswer that they aren't concerned with the financial experience of people in \$80,000 or \$125,000 income brackets. But taxes bite deep into the medium and low income groups too — after all, the federal income tax rate starts at 22.5 per cent and goes up very fast from that bottom. And certain kinds of indirect taxes, which constitute a large part of the selling cost of food, clothes, housing and everything else, often hit the man of moderate means harder than the man of large means.

The point is this: The current drive to cut government costs, balance the budget, and bring about tax reduction is in everybody's interest.

ADONDE VAMOS

By Langlois

Our Supt. of Schools, Dutch Walker, proved at the trustee's budget hearing Monday that he needs no one to do his fighting for him.

For some time now I have been hearing about this waste or that waste of money from too many people who have nothing to peddle but unfounded rumors, which by the time it has been passed by word of mouth a few times it assumes monumental proportions. When asked for a public statement giving facts and figures I was told by at least five different people to be sure and be at the budget hearing Monday, May 4 where I would get these figures for myself. I was there, also a lot of other people for the same purpose.

This turned out to be the biggest bust I ever attended.

Only one present offered any criticism stating that he could take the fat out of the proposed tentative budget. That's where Walker took up and a better job of presenting facts plus deflating a self-appointed spokesman for the group seeking Walker's little faith in the integrity of the

ouster couldn't be asked for.

Walker knew his figures and as I previously stated needed no one to do his fighting in civil life any more than he needed it when he donned his nation's uniform in the last war and where he is still an active reserve officer in the Navy.

He proved again that he has handled a tough job with efficiency and can take care of himself in any company. Another matter that left a bad taste was the efforts of a few present, by few I mean three, who assumed that if the excess tax was continued the board instead of using said money for teachers salary raise would spend it otherwise. They tried to pin the board down and promise individually that it would only be used for one purpose well knowing that this was illegal. This continual harping on the subject had the affect of igniting Bingo Miller's more than short temper causing him to take the floor and inform the insisters of this promise that if they had so

board of trustees despite their past records they had better ask the board to resign and appoint a hand-picked group of their own. "Were I on the board," said he "I'd resign right now."

This put them out on a limb with the result that little time was lost trying to get out of the light they had placed themselves. They asked for a commendation for the board. Summing this up I still say make 'em prove it when you hear it. Another matter that gripes my entrails are these birds who expect the Fire department to rush in and save their homes when disaster threatens yet are too small-souled to buy a \$5.00 membership in the corporation that keeps up our fire department. With one of the most hazardous fire seasons facing us the boys have been steadily on the run for past week. At a recent fire, Chief Harrison asked the bird whose house they were saving and was informed that they had just bought the house and it was up to the former owner. Harrison asked this character if the fire had been set by the former owner? This is just one of the type of birds who want others to foot their bills and fight their battles. In short the world is their servant. I am asking why does the fire department bother with them at all. The boys who man the department are business men who drop everything at the sound of the siren to save the home of characters like this. I suggest we publish the names of all members and thus know who's footing the bill.

Open Letter

Ed. note: Why were not these figures brought up at Monday's meeting where Mr. Walker and the writer were present. Letter to Lakeside:

With permission of the editor, let's consider these things about the election of school trustees which will take place May 15.

Those who have not been interested until the past few weeks are justified in feeling that their peaceful little community had suddenly exploded, without warning and apparently without reason. This is not the case at all. The situation has been brewing for months, even years. And for the benefit of those who are shocked that such a thing should happen in Lakeside it might be some comfort to know that many other communities are going through the same sort of thing. You have only to read the papers and magazines to know that Mr. and Mrs. Taxpayer have finally got a fill of wasteful, extravagant spending in the public schools.

In San Diego County there are 109 candidates for the 66 vacancies for trustees of the various school districts. (Normally there is one candidate for each vacancy and he, or she, is drafted, poor soul.) This abundance of candidates indicates public interest, and when the public is aroused, things happen.

In Lakeside there has been a constant cry for facts, the implication being that there are none. An effort by the so-called "minority group" to interest the public in affairs of the school district has been labeled a "witch-hunt." Charges of "vicious rumors" and "malicious gossip" have been made. The effect has been to create considerable feeling in the community.

It has been charged that Hart Dunham and Edna Kouns are dedicated to an effort to "fire" the district superintendent. How could they? He is protected by a contract that guarantees his position for the next two years. If the board of trustees should want to "fire" him the district would be required to pay him a full two years' salary, (this year \$855 plus \$800 expense account plus use of district car and gasoline as needed). Since we are an impoverished district, facing an excess tax, and possibly a treasury deficit, how could this be done?

What Mr. Dunham and Mrs. Kouns want is a "brake" for the ambitions of the district superintendent. If he is to be given full credit for our beautiful schools should he not then also be given the blame for mistakes and extravagances? How can we justify building costs of \$22 to \$27 per square foot for our schools and education center when attractive and adequate buildings of the same type were built for as low as \$9.30. (Solano Beach).

Why should we, an impoverished district, spend \$24,000 for furniture when the maximum allowed by the state was \$14,000. This meant that \$9,975.76 of our district money had to be used to augment the \$14,000 allowed by state apportionment to settle the furniture bill. Furthermore, over \$3000 has been invested in library furniture, desks for art and drafting classes. Where is our library? Where are our art and drafting classes?

We owe the state a million-fifty thousand dollars, at 1.9613 interest compounded annually. We paid our bills this would be quite an item. Thirty years

from now our children will still be struggling with this burden. Whether it is then "forgiven" or not, the fact remains, we not only borrowed beyond our ability to repay, we have deliberately spent beyond even our borrowed income.

And we are doing all this for the benefit of our children! Accept favors we can't return. Borrow money we can't repay. Buy luxuries and neglect the necessities. Borrow, spend, and be merry, for tomorrow someone else (our kids) will pick up the bill.

A change of tactics is indicated. Having a lawyer on the board is not necessarily an asset. All districts are required by the code to refer all legal matters to the county district attorney for consideration before a private attorney can be consulted.

Having a surveyor on the board is not necessarily an asset. Surveying, when needed, can be bought and paid for.

What we cannot buy at any price are the things we need most in our trustees—integrity and a sincere desire to place the welfare of the children and the community before the personal glory of any individual.

To be a school trustee is an honor and I like others, sincerely respect those who serve.

Mr. Linley and Mr. Barkdull have publicly pledged themselves to support the district superintendent, apparently without caring whether he is right or wrong.

Mr. Dunham and Mrs. Kouns are pledged to support the best possible educational program for our children, and to a practical approach to our expenses.

Your vote on May 15 will decide the issue.

Bertha Polk.

THE OBSERVER...

We'd like to remark although it may not be news to our readers this weather for the past few days is definitely not May weather for San Diego County. What strikes us particularly funny is the fact that downtown San Diego has been hotter than La Mesa or El Cajon. Chamber of Commerce please note. This should make things just perfect for the gentlemen who sell cars, seeing as how this is the time of the year when thoughts turn to vacations, which in turn usually mean a four thousand mile trip, after which the vacationist gets back on the job to rest up.

One peculiarity of Americans is that no matter how good the junk they now have performs the desire for a new car takes over, and no matter how a guy fights this desire he winds up, with another car. All of which makes everybody happy, the buyer, the car dealer, Uncle Sam, the kids, and one some occasions friend wife. Thus the wheels go round in different ways.

While on the subject of trips we will be happy when the day comes when a party wants to go some place won't hit a four lane highway to wind up in a

IT NEVER FAILS

two lane bottleneck like Ocean-side or Laguna. Those two spots really get a fellow's goat.

We see no reason for having to go through some town when we have no business in said town and when time is the essence the delay is infuriating. Add to that, the signals in Laguna are not synchronized, which makes it just perfect on that crooked alley that passes off as Main St.

Let's change the subject and talk about annexations and supervisor's pay raises. Many small unincorporated communities have the idea that any adjoining city is just anxious to annex them. This does not happen to be the case. Unless the community desiring annexation has enough business houses to warrant enough sales tax to help carry the expense the average city manager is not interested.

The moment a community is annexed fire and police protection must be provided. Streets that the county paid little attention to all at once demand immediate attention, which the annexing city must furnish out of their own pocket. It pays the one being annexed but not the annexor.

Talking of police protection the only protection furnished an unannexed community must come from the Sheriff's office which is understaffed resulting in a couple of officers having to cover a territory as large as a European kingdom. In Lakeside, for example, over a period of five years practically every business house has been burglarized one or more times. Hence one can see the value of being an incorporated area. The fly in this ointment is that when a community does this on its own it costs beaucoup jack and when it is successful in joining a incorporated area the incorporated

area foots the bill. The matter of supervisors pay raises makes us wonder how this came about. As we see it more and more County areas are being incorporated or annexed thus cutting down the area supervisors handle. What warrants this extreme raise at a time when economy and cut cutting appear to be the desire of all taxpayers? It doesn't make sense.

Navy Relief Carnival Dates Scheduled

Dates of the annual Navy Relief Carnival, a cooperative effort of all San Diego Naval and Marine installations, were announced this week by Cdr. Harold L. Corzett, NTC Service Schools Command Executive Officer, chairman of the affair.

The four-day benefit in behalf of the Navy Relief Society will be held 6, 7, 8 and 9 August. The Naval Training Center is the host command this year.

Cdr. Corzett stated plans are underway for 100 booths as well as the latest type rides. Emphasis will be placed on "clean, wholesome, family-type entertainment as well as the raising of funds for Navy Relief," he stated.

An organizational committee composed of the various activities participating is hard at work formulating plans. The committee chairmen are: Food and beverages, Cdr. C. S. Hascall, r.; car donations, Cdr. R. A. Rosse; Marine coordinator, Lt. Col. R. A. Campbell; security and parking, Lt. C. E. Boudreau; concessions, Lt. H. W. Specht; entertainment, Lt. R. N. Otterstad; donations, Lt. J. T. Mulvey; sanitation, Lt. J. A. Kel-

ly; publicity, Ltjg. John H. Church; financial, Ltjg. J. C. Van Benthem III; buildings and maintenance, CHCAP J. R. Englehart and treasurer, CHCLK E. F. Corday.

The carnival is the second of two fund raising promotions for the Navy Relief Society. It follows the regular contributions campaign held during May. The 1952 carnival netted over \$150,000 for the Society.

D.A.R. Picnic

Set For Sunday

The Letitia Cove Shelby Chapter, Daughters of the American Revolution, will hold their annual picnic at the William J. Mecke ranch, Dehesa Road, El Cajon, at 11:00, Friday, May 8. Since election of officers will be held at this meeting, all members are urged to attend.

Luncheon Planned

East San Diego Woman's Assembly will meet Wednesday in the El Cajon home of Mrs. Jack Hart, 1230 N. First St., for a share-a-dish luncheon. Members will assemble at 10 a. m. in the home of Mrs. Olive Greear and drive from there to El Cajon.

Pat Peterson, Vice-President of W.R.A.

Miss Pat Peterson was elected vice president of the Women's Recreation Association of San Diego State College at their annual election held last week.

Pat is the daughter of Mr. and Mrs. R. C. Sink, of Lakeside and is a Junior at State College, majoring in Physical Education for the past three months. Pat has been playground supervisor at Lindo Park School in the afternoon.

Vanishing Koffle

Klatches Begun Last Wk.

Mrs. T. B. Smiley held the first of a series of Vanishing Koffle Klatches on Thursday morning, April 28 in her home, for the redecorating of the Community Presbyterian Church Social Hall. She had as her guests 16 ladies from the Community who will in turn each entertain 8 guests. Each of the groups of 8 will invite 4 and the 4 will invite 2 cycle with the 2 inviting 1 to complete the cycle.

Each guest pays 25c and has an opportunity to visit and enjoy friends who are gathered, also she helps build up the fund for this worthy cause. Those present were: Mesdames Connie DeBurn, Vivian Boyd, June Wolcott, Janice Diamond, Frances Desmond, Betty Linley, Charlotte Barker, Maizie McLean, Claire Westrick, Maude Conant, Mary Carlile, Mary Biggs, Helen Coleman, Frances Seither, Margaret Wessels.

It is sincerely hoped that the chain will not be broken so the hoped for funds will be derived to complete the redecorating plan.

Newspapers Still Wanted

A hearty "Thank You" from Mrs. Schnurr to the many who responded to the appeal for newspapers wanted in last week's Star. We wish to again repeat the appeal and for those of you who would be willing to save your old papers and magazines, Mrs. Schnurr will be glad to pick them up if you phone her at H4-1388 eves. This drive is for a worthy cause and your cooperation will be appreciated.

"Adam and Fallen Man" Lesson-Sermon

"Awake thou that sleepest, and arise from the dead, and Christ shall give thee light." This declaration of Paul to the Ephesians (5:14) is the Golden Text of the Sunday Lesson-Sermon, "Adam and Fallen Man" in all Christian Science churches.

The Lesson-Sermon is epitomized in these words of the Apostle Peter (11:10-11): "Wherefore the rather, brethren, give diligence to make your calling and election sure: for if ye do these things, ye shall never fall: For so an entrance shall be ministered unto you abundantly into the everlasting kingdom of our Lord and Saviour Jesus Christ."

On this subject Mary Baker Eddy writes in "Science and Health with Key to the Scriptures": "Heaven represents harmony, and divine Science interprets the Principle of heavenly harmony." "When speaking of God's children, not the children of men, Jesus said, 'The Kingdom of God is within you; that is, Truth and Love reign in the realm of man, showing that man in God's image is unfallen and eternal'" (pp. 560, 476).

"Christian Science: The Meeting Of The Letter And The Spirit"

"Christian Science: The Meeting of the Letter and the Spirit" will be the subject of a lecture to be radiocast over Station KFVD (1020 kc), Sunday afternoon, May 17, at 3 o'clock, from First Church of Christ, Scientist, Beverly Hills. The lecturer, Mary C. Holloway, C. S., of Shreveport, Louisiana, is a member of The Christian Science Board of Lectureship.

Mobile Blood Bank Coming to E. C. Sat.

The Lakeside Blood Bank is in dire need of replacements and

you can give your pint of blood to the Mobile Unit when it arrives in El Cajon on Saturday, May 9 between the hours of 11 a. m. to 4 p. m. Be sure to register your blood for the Lakeside Blood Bank as emergencies come up quite frequently. The last three pints were given to Miss Frances Gidding who is now at Quintard Hospital. We are appealing to you who can to please give.

Jr. T. N. T. To Honor Mothers

The Junior T. N. T. members will give special honor to their mothers the Senior T. N. T. members on Saturday, May 9 when they will gather in the home of Mrs. Barbara Conley for a luncheon at 12:30.

Book Club To Tour Art Gallery

A unique event is being scheduled for members of the Book Club of Lakeside when members will gather for luncheon at the House of Hospitality in Balboa Park Thursday, at 12:30. Mrs. Janice Diamond has arranged a guided tour of the Art Galleries on this occasion.

Brawn-Morris May 23

Virginia Jenkins Morris, daughter of Mr. and Mrs. Max Jenkins of Lakeside will be married to James Edward Brawn, USN, son of Mr. and Mrs. John Melville Brawn of La Mesa, May 23 at 2 p. m. in the home of the bride elect's uncle, and aunt, Mr. and Mrs. Conrad Cooper of El Cajon. Miss Velma Lynn Kannady will act as the bride's attendant. Mr. Don Weimer will serve as the best man.

The bride will be gowned in a navyblue dress with white accessories. She will wear a white orchid corsage. Following a short honeymoon, the groom will leave for overseas.

OBITUARY

BERGSTROM
Alfred T. Bergstrom, 76, re-

tired newspaper publisher, passed away Saturday in a National City Hospital. He resided at 1253 Concord St., El Cajon for the past 20 years.

Mr. Bergstrom was a reporter on the Correctionville Argos in Iowa after graduating from Journalism School at the University of South Dakota. He became publisher of the Ireton, Iowa Ledger in 1918 and remained there until 1934 when he moved to El Cajon because of ill health. He worked for the El Cajon News several years before World War II.

Survivors are his wife, Minnie B.; a daughter, Mrs. Diane Swain of El Cajon; two sisters, Mrs. Anna Bliss and Mrs. Susie Witcher, both of San Diego; a brother and two grandchildren.

Services were conducted at 11 a. m. Wednesday in Greenwood Mortuary with entombment in Greenwood Mausoleum.

TOLEDO, O. — When Mr. and Mrs. Samuel Eisenstein returned from a vacation in Florida last winter they figured up the telephone bill for calling home to inquire about a two-year-old grandson. This year, the Eisensteins took their daughter and grandson with them as the cheaper way out.

HAVERHILL, Mass. — The Yankee Flyers Ski Club is looking into the future. Although local skiing may be finished for the season, the 18 club members are taking a first aid course at Red Cross headquarters.

Letter To Editor

The Star prints both sides, if they are facts. The letter below is open to question, and the writer uses the word reported much too often to have facts.

We suggest he interview Supt. Walker and get these facts.

Editor,
May 5, 1953

This writer has followed with interest the controversy revolving around our local school system. A recent issue of the Star intimated that "Facts were beginning to emerge." If so I was un-

able to find the page they were on. One Board member proudly announced that he had fulfilled his duty by placing the voters in position to decide intelligently which Candidate should be elected. Either this is an egotistical smoke screen or I catch on slow, because all I could gather from his writings was that he highly approved his own conduct, and that he took a dim view of the fact that someone was running against him.

One recent article suggested that the best way to offset these rumors of wasted money would be to visit the school buildings for a look see, and this was done to the modest extent of a quick visit to that little marble palace known as the Education Center, and I want to assure my fellow Taxpayers that you sure have done well by your Public Servants in the way of surrounding them with luxury.

Upon entering the Conference Room, and being of a shy retiring nature, this writer choose one of the lesser chairs, which are reported as costing some \$27.00 each, and seated himself at one of the conference tables, reported as costing \$133.00 each, to sit back and take in the glory of it all. The finer Conference chairs, costing a reported \$43.00 each are probably used by those officials of greater importance, and the lesser \$27.00 ones by those of lesser importance, as they could hardly be on a first come first serve basis because there are plenty of them there.

The price of these tables and chairs are mentioned so that readers may compare them with the \$12.27 chairs provided for the teachers, and tables costing \$48.49 each for use of your children. It was comforting to find some economy someplace anyway!

From a vantage point at the Conference table one may be intrigued by a beautiful sliding panel door some 7 ft. square in one corner of the room and which when opened, discloses a nick a couple of feet deep in which reposes a beautiful gleaming white enameled steel kitchen unit consisting of a sink in the center, an electric stove, on the left and a refrigerator on the right, and with matching white enameled steel cabinets above. The purpose or need for this expensive unit is not apparent, and the nature of the gatherings requiring its use were not disclosed.

Most people, other than those who buy with public funds are aware that a sink is usually a lifetime article, whereas refrigerators and stoves of the electric variety are subject to a much higher mortality rate, thus when one of the latter wears out in this case, you just throw away the whole works and buy a new one with some more of the taxpayers' money! Any of you lady readers who have been trying to get the old man to renovate your kitchen should see this, it's probably much finer than you will get him to buy for you, but it is worth seeing anyway, and of course, is none too good for our public servants!

Next a quick glance into inner sanctum, or executive office, which will reveal, among other things, a magnificent monstrosity which while it does not much resemble a desk, apparently is used for that purpose.

This article I had heard was officially reported as costing around \$270.00, and rumored as costing up to \$1000.00. From various payments made, it would appear that the top alone cost some \$170.00 with a charge of \$50.00 for installing it, that the base cost some \$350.00 and that there were additional charges for finishing, varnish, etc. I hope these figures are wrong for I did now know and do not believe

The Christian Science transcribed program series, "The Healing Ministry of Christian Science," is being broadcast over Station KSDO (1510 KC) every Sunday at 7 p. m. This is in addition to the program being released over Station KFI, Los Angeles every Sunday morning at 9:15.

that we have any officials in our local school system who are of sufficient calibre to require such an elaborate outfit. I feel that our officials can squander the public funds just as efficiently from a much more modest desk.

Our State Officials at Sacramento are notorious for their reckless spending, but even they were appalled at the size of the limb required for our local officials to climb out on when they went on a buying spree for furniture to an extent totaling nearly 70%, or nearly \$10,000.00 over and above the amount originally approved for this purpose by the State. This money had to be paid from funds that could have been better used in building another class room. Why, we even have over \$1000.00 worth of library furniture, and no library!

In a letter, the original of which is in the Office of the State Department of Finance, your District Supt. says quote: "The District is extremely poor, having an assessed valuation of less than \$4000.00 per unit of ADT" unquote. Well we can stop worrying about that, the assessor has promised us relief on that score, he has assured us our assessments will be raised. I quote further from the above mentioned letter quote: "The District is already levying a current operations tax of 40 cents beyond the legal maximum" also "The District has no funds in its current operating budget which can be made available to cover the cost of furniture already purchased, received, and in use" unquote. To further confuse the matter, I read under date of August 11, 1952, about nine months ago, and over the signature of E. M. Walker, as follows quote: "As I explained, the entire furniture order has been delivered, uncrated and set up in our classrooms," unquote. Yet nine months later I am told that Mr. Walker actually ordered delivery of the final 20 per cent or so, of this furniture AFTER his return from his taxpayer paid junket to round up teachers in Arkansas, or some such thing this past week.

If these things do not reveal a dereliction of duty on someone's part, then my mother was wrong when she taught me that I could have all the luxuries I could afford AFTER I got through paying for the necessities!

In spite of any local propagand-

da to the contrary there is no free money unless you are in the counterfeiting business, or on relief, I take but little pride in any proposal to shrug off the duties of citizenship and cry poverty to the state authorities, so that our public servants can surround themselves while on their jobs, with a style of luxury which they could never hope to match if they had to go out and provide it for themselves in competition with better men.

The era of Tax and Spend ushered in by Roosevelt and so ably continued by the defunct habedasher from Missouri, is now considered out of style in favor of a more rational type of conduct. If a change of Personnel is the only way to persuade those who would feed at the public trough that the lowly taxpayer

REALTOR OFFERS

TWO BEDROOM STUCCO

G. I. RESALE

We are proud, indeed, in offer-
ing you this home. It has two
twin-sized bedrooms, large liv-
ing room with a separate din-
ing room. The larger than
usual kitchen will delight the
little lady. Venetian blinds in-
cluded in all rooms. The floors
are beautiful clear oak. The lot
is 60x125, fenced and land-
scaped. Concrete side drive to
oversize garage. This home is
but four blocks to Magnolia
and Main Street. It is yours for
only \$10,750, \$2,000 down, bal-
ance at \$72 a month includes
taxes and interest at only 4%.
Truly a wonderful buy.

THREE BEDROOM STUCCO

G. I. RESALE

Should you be looking for
quality material, workman-
ship, room layout and general
livability, this one year old
home with attached garage
can well be yours. It is situ-
ated on a 70x145 corner lot
in a good residential dis-
trict, on a paved street, has
curbs and is but two blocks to
parochial and public school.
The three bedrooms are twin-
sized, the living room is roomy
and the 9x18 kitchen is filled
with cabinets. All doors and
windows are wood trimmed
and the floors are narrow
gauge oak. The owners have
been transferred, and must
sell at once. It can be yours
for \$12,500 with only \$2,500
down, balance at \$67 a month
includes taxes and interest at
only 4%.

THREE BEDROOM VIEW HOME

This charming view home,
nestled high atop a knoll, over-
looking the valley, is among
homes worth up to \$30,000. The
large studio living room, with
its exposed beams, has large
picture windows and attractive
corner fireplace. The three bed-
rooms are spacious and the
bath is completely tiled. The
lot is beautifully landscaped,
sprinklered and fenced. Should
the safety of your children be
your problem, here is a haven
for them. This select home can
be yours for \$16,900 and with
only \$3,000 down.

LEGAL NOTICE

Tax Sale No. 6000-1 to 7 incl.

NOTICE OF SALE OF PROPERTY DEEDED TO THE STATE FOR DELINQUENT TAXES

WHEREAS, I was on the 10th day of March, 1953, directed by the Board of Supervisors of San Diego County, State of California, and there was received by me and filed in my office an authorization of the State Controller, dated March 20th, 1953, to sell at public auction, for cash in lawful money of the United States, certain tax deeded properties, public notice is hereby given that unless the said properties are redeemed, as provided by law, I will on the 3rd day of June, 1953, at the hour of 9:00 o'clock A. M. in the Tax Collector's office in the San Diego City and County Administration Building at 1600 Pacific Highway in the City of San Diego, sell as directed the said property for a sum not less than the minimum price set forth in this notice.

The parcel or parcels of property that are the subject of this notice are situated in the County of San Diego, State of California, and are described as follows:

6000-1
In Tract No. 2 of San Diego Eucalyptus Co's Lands: W. 2 Ac. of Lot 82 (Also known as: Assessor's Map No. 55: Lot 82-A).
Last Assessee: Oscar F. Heck.
Minimum Price: \$15.00 inclusive of advertising and recording costs.

6000-2
In Tract No. 2 of San Diego Eucalyptus Co's Lands: N. 2.5 Ac. of Lot 133.
Last Assessee: J. F. Crittenden.
Minimum Price: \$20.00 inclusive of advertising and recording costs.

6000-3
In Tract No. 2 of San Diego Eucalyptus Co's Lands: S. 2 Ac. of Lot 134.
Last Assessee: Ethel Bertrom.
Minimum Price: \$15.00 inclusive of advertising and recording costs.

6000-4
In Tract No. 2 of San Diego Eucalyptus Co's Lands: N. 1 Ac. of S. 2 Ac. of Lot 224.
Last Assessee: J. D. Tressel.
Minimum Price: \$15.00 inclusive of advertising and recording costs.

6000-5
In Assessor's Map No. 55: Lot 103-B.
Last Assessee: C. P. Nicodemus.
Minimum Price: \$15.00 inclusive of advertising and recording costs.

6000-6

NOTICE OF INTENTION TO VACATE AND ABANDON A PORTION OF AN EASEMENT IN SAN VICENTE VALLEY FARMS, MAP NO. 2462.

PUBLIC NOTICE IS HEREBY GIVEN that the Board of Supervisors of the County of San Diego, State of California, adopted a resolution on April 21, 1953, declaring its intention to vacate and abandon a portion of an easement in San Vicente Valley Farms, more particularly described as follows:

All of the 60-foot "Easement for Future Road" running Northerly and Southerly through Lots 1, 2, and 3 in Block 1 of San Vicente Valley Farms, according to Map thereof No. 2462, on file in the Office of the Recorder of San Diego County, that lies Northerly of the Southerly line of said Lot 3 in Block 1 of said Subdivision.

The Board has fixed Tuesday, May 19, 1953, at 10:45 a. m. of said day, and the chamber of said Board, Room 310 San Diego City and County Administration Building, Civic Center, San Diego, California, as the time and place for hearing on said resolution of intention to vacate and abandon a portion of said County highway.

YOU ARE HEREBY NOTIFIED to appear at the time and place fixed for said hearing and show cause, if any you have, why a portion of said County highway should not be vacated and abandoned.

For further particulars, refer-

ence is hereby made to said resolution of intention on file in the office of the Clerk of the Board of Supervisors, Room 308 San Diego City and County Administration Building, Civic Center, San Diego, California.

BY ORDER OF THE BOARD OF SUPERVISORS of the County of San Diego, State of California, adopted April 21, 1953.

T. H. SEXTON, County Clerk and ex officio Clerk of the Board of Supervisors.
By E. Schwartzberg, Deputy

NOTICE OF SPECIAL SCHOOL DISTRICT ELECTION FOR INCREASE IN MAXIMUM TAX RATE

Notice is hereby given to the qualified electors of the Lakeside Union School District of San Diego County, California, that, in accordance with the provisions of the Education Code of the State of California, an election will be held on the 22nd day of June, 1953, in the polling places named at the hereinafter described and designated precincts in this School District between the hours of 7 o'clock A. M. and 7 o'clock P. M. (during which period and between which hours the polls shall remain open) at which election there shall be submitted to the qualified electors of said School District the following measure, viz.,

Shall the proposed increase in the maximum tax rate from \$.90 to \$1.29, such rate to be in effect in the Lakeside Union School District for the school year 1953-54, be authorized?

For the purpose of holding said election, the School District shall be divided into one Special Election Precincts, and that the said precincts are hereby established as hereinafter numbered and described; and the persons herein-after named being competent and qualified electors of said School District, and of the Special Election Precincts for which they are respectively appointed, are hereby appointed Officers of Election, as hereinafter designated; and said Officers of Election shall conduct said election and make returns thereof pursuant to law, as follows:

SPECIAL ELECTION PRECINCT NO. ONE shall include all the area of the Lakeside Union School District.

POLLING PLACE therein shall be at the bus garage at the Lakeside Union School.

Officers of Election for said Special Election Precinct:

Inspector: Mrs. Evelyn Langworthy.

Judge: Mrs. Mae Swink.

Judge: Mrs. Isabelle Johnson.
Each qualified elector of said Lakeside Union School District shall be entitled to vote only in the Special Election Precinct of which he is a resident.

IN WITNESS WHEREOF, we have hereunto set our hands this 4th day of May, 1953.

Hart Dunham, President
C. Rupert Linley, Clerk,
Douglas McClain, Member,
Arthur Foster, Member,
Frank Claycomb, Member.

New Era for West Predicted in New Deal Death, Declares Nat'l Manufacturers Chief

Charles R. Sligh, Jr., president of the National Association of Manufacturers, was in Los Angeles from April 28 to April 30 for a series of key conferences with Southern California and Arizona business-industry people on "New Era" prospects for Western USA.

He predicted a one-third expansion of the nation's industrial output, with the greatest increase anticipated in such Western state as California and Arizona.

His visits, which included numerous conferences in the Los Angeles area and two in Phoenix on Thursday, April 30, at the Westward Ho Hotel, launched a survey of a ten-year "market and population boom" in the Pacific Southwest, which NAM researchers say is already under way. He talked to the Phoenix Lion's Club at luncheon on Thursday and was scheduled to talk to Los Angeles Rotary at the Statler Hotel, Friday.

He said new frontiers of invention, discovery and development coupled with a more favorable political climate for commerce and industry under the business-like, budget-balancing Administration in Washington — are starting a trend which economists have termed:

"The New Era vs. the New Deal," in which such Western states as California, Arizona, New Mexico and Nevada will participate in the West's predicted major share of national growth, already leading all other markets of the Nation in expansion rate. He said failure to curb Federal spending and to balance the

budget could cause such cheapening of money, increases in inflation and taxes as to cancel out the predicted ten year boom.

Nationwide TV Show Salutes So. Calif. As Vacation Wonderland

A nationwide salute to Southern California as one of America's outstanding vacation areas will be seen by millions of television viewers over a coast-to-coast NBC-TV network during next week — May 10th through May 16th.

Southern California and Los Angeles areas will be featured when John Cameron Swayze and his family tour this part of the state in the new television series, "Vacationland America."

More than 48 NBC-TV stations across the nation and in Canada will televise the vacation tour of the Swayzes, actually filmed in Southern areas of the state several months ago promoting automobile travel to California. Televising the show in Southern California is station KNBH-TV in Los Angeles on Friday, May 15th at

8:30 p. m.

An additional lift for Southern California's tourist business will be given by the Fram Filter Corporation, sponsors of "Vacationland America" who have prepared a travel book outlining a complete day-to-day tour through this area.

More than 1,000,000 of these free travel books will be distributed by 120,000 Fram dealers in the U. S. and Canada, giving further impetus to this section's recreation and tourist business which brings hundreds of millions of dollars into the state each year.

In a special statement issued prior to the nationwide TV show, Governor Earl Warren said he appreciated the opportunity "Vacationland America" provided to make the many attractions of California known to the people of the nation.

"We in California are proud of the wide variety of vacation attractions in our State. California offers recreation and relaxation for its visitors at any season of the year — state beaches, parks and forests, world-famed giant redwoods, the historic missions,

beautiful cities and a great variety of seacoast, mountain and desert resorts," said Governor Warren in his statement.

The choice of John Cameron Swayze to star in the nationwide travel program about the Southern part of California, adds to the entertainment value of the program. As NBC's top TV newscaster, Mr. Swayze is seen on television each week by more people than any other person in the world.

"Vacationland America" also marks the TV debut of the Swayze family — Tuffie, his wife; John Jr., 19 and Suzanne, 16. Television spokesmen note that the show is unique in one respect — it's the first Family TV show devoted entirely to travel.

Helping co-sponsor the travel show are hundreds of service stations, garages and automobile dealers in this area. Designated as official "Vacationland America" Headquarters, the co-sponsors are supplied with the travel booklets which will be given away free to motorists.

The books contain photos and descriptions of historical and scenic places of interest in this area, tips on travel, and maps outlining the tour and indicating some of Southern California's attractions that have become vacation favorites.

The Fram Corporation, world's largest manufacturer of automotive filters, has designed the show to promote travel throughout America in the family automobile.

Cast Announced For "I Remember Mama"

Miss Carolyn Jenks, Grossmont High School drama teacher, has announced the cast for "I Remember Mama" which will be presented May 28 and 29 in the Grossmont auditorium.

Members of the cast include Donna Rodia as Katrin, Martha Ham as Mama, and Maurice Montgomery as Papa. Charlene Vestergard will play Christine, Richard Homuth will be Nels, Pat Garner will be Dagmar, and Paula Thomas will play Aunt Trina.

Aunt Sigrid will be Kathrine Newell, Uncle Chris is Jack McLean, and other cast members are Elizabeth Rice, David Kirby, Janet Schensted, Judy Bemis, Mel Spooner, Diane Morgan, Joan Penny, Cynthia Cook, Jack Schuster, Marilyn Johnson and Rod Jensen.

The play is a dramatic version of Kathryn Forbes' Story, "Mama's Bank Account."

Oil Is Where You Find It

The greatest "treasure" hunt in history—one that overshadows the efforts of California's 49ers—is going on day and night. In America's deserts, mountains, plains, valleys—even its slimy sea bottoms—the search goes on ceaselessly at ever-increasing speed.

The "treasure" these prospectors seek is petroleum—oil to keep America's homes warm, the wheels of its vehicles and factories turning. Each year Americans demand additional vast quantities of oil, and each year an army of explorers toils to meet that demand, plus the additional quantities to build up the nation's proved reserves.

There is no magic formula for the discovery of petroleum. Like gold, it is "where you find it." Formulas that eliminate some of the guesswork have been developed, but it remains true that "only the drill can find oil." Four-fifths of all exploratory wells turn out to be dry holes. And only one well in 44 locates a profitable new field.

A whole host of scientists scour the countryside constantly for spots where oil is likely to be found. Geologists and other specialists make use of the most advanced scientific devices—such as the flying magnetometer and the seismograph — to chart underground rock structures.

Research goes on continually to refine the existing devices and to adapt the spectrophotograph, X-rays, radar and atomic isotopes to underground exploration. Such things will be needed in the exploration of the newest frontier—the continental shelf that extends into the seas from a few to several hundred miles from the shores of the U. S. This area of ten million square miles may contain the greatest petroleum resources yet encountered.

Tidewater areas of the United States already are being developed. Extensive surveys have been carried out by plane, by boat, and even by diving bell off the coasts of Texas, Louisiana, Florida and California. Numerous wells, some as much as 30 miles off-shore, have been drilled from bays and swamps of Louisiana and are being explored by crews in boats and in motorized marsh buggies having rubber tires half again as tall as a man.

So far, the U. S. has consumed almost two trillion gallons of oil. So far, explorers have located over a trillion gallons more and earmarked it for future use. Now, they are hunting for an additional two trillion gallons which lie somewhere beneath our soil.

SWAMPY JUNGLES present no barrier in the search for oil.

Pains, distress of "those days" stopped or amazingly relieved

in 3 out of 4 cases
in doctors' tests!

• Here's wonderful news for women and girls who — each month — suffer the tortures of "bad days" of functionally-caused menstrual cramps and pain — headaches, backaches, and those "no-good," dragged-out feelings.

It's news about a medicine famous for relieving such suffering!

Here is the exciting news. Lydia E. Pinkham's Vegetable Compound — gave complete or striking relief of such distress in an average of 3 out of 4 of the cases in doctors' tests!

Scientifically Modern Action
Yes! Lydia Pinkham's has been proved to be scientifically modern in action!

This news will not surprise the thousands of women and girls who take Lydia Pinkham's regularly and know the relief it can bring.

And it should encourage you (if you're not taking Lydia Pinkham's) to see if your experience doesn't match theirs . . . to see if you, too, don't avoid

How Lydia Pinkham's works
It has a "calming" and soothing effect on the uterus . . . quieting the contractions (see the chart) that so often cause menstrual pain, cramps, other distress.

the nervousness and tension, weakness, irritability — and pain — so often associated with "those days"!

Remember Lydia Pinkham's, too — if you're suffering the "hot flashes" and other functionally-caused distress of "change of life."

Get Lydia Pinkham's Compound or new, improved Tablets with added iron (trial size only 59¢). Start taking Lydia Pinkham's today!

HARBISON CANYON NEWS

By Jo Ann Cook

The Fellowship dinner of the Community Church was well attended with about seventy-five persons present. Mr. Kendall showed a movie that was both educational and entertaining and an enjoyable time was had by everyone there.

The Harbison Canyon Volunteer Fire Dept. have plans to launch the summer season with a gala affair at the Big Oak Ranch on June 13. Swimming and dancing will be the order of the evening and a big attendance is hoped for.

Jerry Klipp, president of the Alpine school board, informs us they will definitely open the new school on May 11. The move will take place gradually all week and be finished on the week-end. Classes and bus schedules will be either announced later this week or notices sent home with the children.

Youth meetings are being held every Sunday night at the Community Church. All young people in the Canyon are cordially invited to attend.

A brush fire started at the Big Oak Ranch on Monday afternoon and burned quite a way up the hill before it was put out. Firemen were called from several locations but were hampered by the strong winds. However, there was no structural damage.

The resuscitator, long sought by the firemen has at last been purchased. Demonstrations are being given on its operation and although it is hoped it is never needed, still, how nice to know it's there!

VIEW - POINT

By Robert G. Kaplan, Ph.D.
Clinical Psychologist

Poor appetite is one of the most common behavior problems which confront a mother. Loss of appetite is a common symptom in many physical illnesses and in any case where poor appetite is a complaint a thorough physical examination is indicated to rule out any possible organic basis.

In a great number of cases the problem is purely or largely psychological. The physically healthy child eats less than he is supposed to, refuses to eat certain prescribed foods, drowls, messes, fusses, fights, vomits or otherwise mishaves at mealtime because the whole situation in regard to eating has been misunderstood and mismanaged.

Difficulty in eating may have its onset early in infancy because the mother expects the infant to take exactly the prescribed amount of milk every day and at every meal.

If the baby falls asleep at feeding apparently satisfied but leaving an ounce or so of milk in the bottle, the conscientious or anxious mother may feel compelled to awaken the baby and in spite of his crying force down those last few drops.

This not only disturbs the baby's emotional state but may interfere with normal physiological functioning. This leads to physical discomforts and thus tends to undermine the infant's confidence in his mother.

Take it easy! Your pediatrician will see to it that the formula is correct so that the baby receives the proper nutrition. Holding fast to a time schedule or requiring that a certain amount be consumed is paving the way

for future feeding problems.
Question: Dr. Kaplan, my ten year old every now and then refuses to eat breakfast I think that he needs this nutrition to start off the day at school. What do you think?

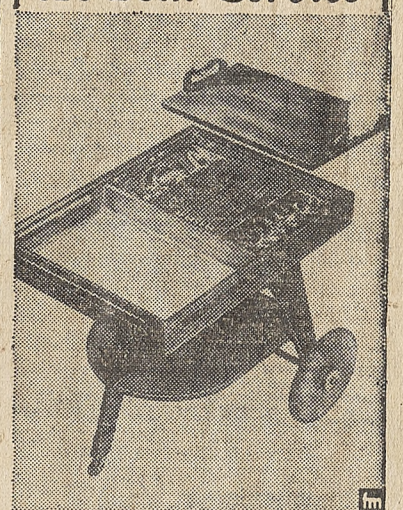

Answer: You are right, he does need breakfast but I also believe that he should be permitted to miss an occasional meal if he wishes. I do not believe this will endanger his health in any way.

Dr. Kaplan will write on any subject dealing with child guidance or emotional problems regarding the family. Write to him in care of this paper.

BARTER DAY

OLDEST CONVICT?
MOUNDSVILLE, W. Va. — Henry Kincaid, 94-year-old Negro sentenced to life imprisonment in 1930 for a tavern killing in Charleston, W. Va., is believed to be the oldest convict in the United States.

At Your Service

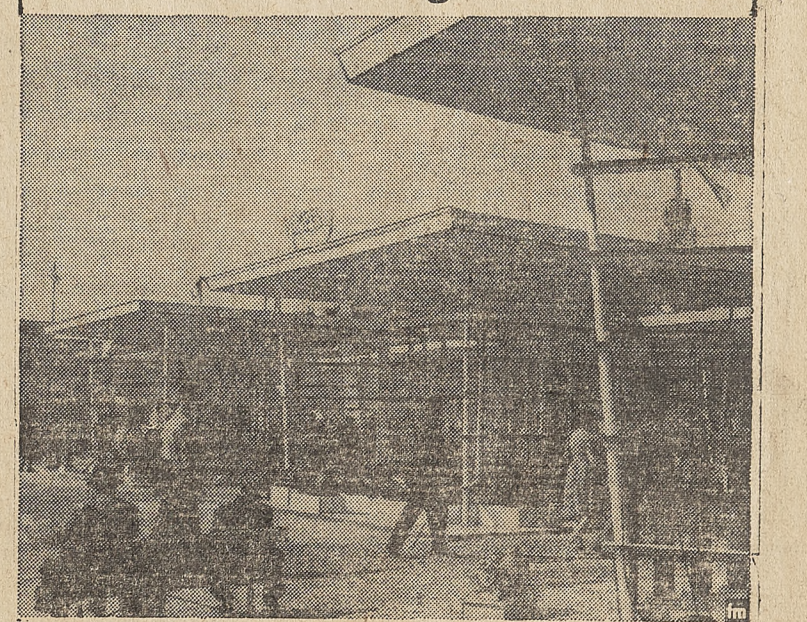

NEW INFORMAL HOME serving unit, combining a 63-piece service for eight in silverware and mobile table facilities, is being introduced by Wm. Rogers & Son. There is a removable serving tray, a top and a bottom shelf that hold everything necessary for a complete buffet dinner, and a removable storage unit large enough to hold up to a 122-piece silver service for twelve.

Dots Are Dandy

EVERYWHERE YOU GO you see dots in Spring dresses—in dresses for dancing, dresses for little dates, and dresses that put your best foot forward any time of day. This one is made of a crisp sheer fabric of Celanese acetate and silk in black and white. Black braid trims the neckline and sleeves, and the belt is black patent leather.

Paris in the Spring Is Fair Time

The annual Paris International Fair . . . May 9th through 25th . . . is a "must" for visitors from all over the world. For good reason, too, since in the 125 acre landscaped park at the Porte de Versailles there are 12,000 exhibits from 34 countries in modern buildings and gaily decorated salons.

Colorful displays of unique household equipment, amusing and decorative toys, exquisite perfumes, cosmetics, jewelry, furniture, fashions, modern mining methods, electrical machinery and sampling of famous vintage wines and other delicacies are a tourist's delight.

If two minutes were spent at each exhibit it would take fifteen days to see everything at the Paris Fair, but an exciting day or days, as time permits, would be well spent at this picturesque park. Here in true European atmosphere the visitor can stroll up and down broad avenues and mingle with spectators from the four corners of the world.

—Let's Review

(Continued from Page 1)

program of equalization, which holds that education is a statewide responsibility and that all children in the state are entitled to substantially equal educational facilities, including school housing, and that the funds necessary for providing these facilities shall be raised where the wealth is, notably in the large cities, and spent where the children are, in this case, in Lakeside. As a result, our payments on our loan of more than a million dollars are, at present, less than \$4000 per year. This amounts to less than 1/2 per cent interest.

At present assessed valuation, local payments can never exceed \$12,000 per year, about one per cent interest. Since all repayment terminate at the end of thirty years, it does not seem likely that future generations will be too heavily burdened. It is also true that in order to take advantage of the opportunity offered by the state loan act, the Board of Trustees and the school administration, with the support of the community, had to move swiftly or not at all. Deadlines were immediate and the state funds were, in effect, placed in a sieve through which they were dissipating at a rapid rate. Only those districts which moved with dispatch were able to qualify. Time did not permit normal planning procedures and minor errors were inevitable. It would have been easier, of course, for this district to have done nothing, as some districts did. It would also apparently have saved considerable criticism. Fancy, however, the plight of our schools if this district had been compelled to construct the needed buildings from funds raised by local taxes alone.

2. Charge: Poor public relations with workmen and contractors have resulted in work delays and added construction costs.

The Facts: To the contrary, job records prove that diligent efforts on the part of the building inspector, the Board of Trustees, and the District Superintendent have prevented attempted "job skinning" and have saved this district hundreds of dollars. Job costs are fixed in the contract and have not changed.

3. Charge: The cost of operating our schools is too high and too much money is spent on administration, etc.

The Facts: As a taxpayer, I am happy to report that a study recently completed by the business office of the County Superintendent of Schools covering the past several years proves that our total operating costs per pupil have been consistently lower than the average costs of similar districts throughout the state, and that the percentage of our funds spent on administration has been reduced each year while the percentage devoted to teachers salaries and educational supplies has been increased.

4. Charge: District office procedures are involved, frustrating and time consuming.

The Facts: For the past five years this district has had its office procedures reviewed and its

financial records audited by competent professional accountants. Their reports are a matter of record and are, in the main, commendatory. Office procedures now in use in the district are as recommended by the auditors in their reports to the Board of Trustees, for purposes of increasing efficiency and reducing loss.

5. Charge: Written reports have been submitted to the Board of Trustees listing the exact sources of references which criticize our present educational programs and administrative practices.

The Facts: Local papers have recently published letters from several of the alleged "exact sources of references," which indicate not only that the sources did not give information to support the criticism advanced, but that, to the contrary, they hold in high regard the ability of the present school board and administration.

Conclusion

Neither time nor space permits further analysis of the complaints which are current. Suffice it to say that, in the main, they are similar in vein to those related. While the reasons for these charges is not always clear, some of them it would seem are motivated by personal antagonism and others from sincere misunderstandings or failure to recognize the changes which rapid growth impose on our educational needs and practices. One thing at least is certain, prolonged community dissension can only be destructive to our educational program and harmful to the interests of our children. Those who have recently visited our schools realize, I am sure, that, at present, our school are strong and are serving our children well. Our present strength is the result of strong community interest and support and of the teamwork which has, in the past, typified our community efforts. Fondly do we hope and fervently pray that present needless inharmonies will speedily pass away and that this community reunited, will again be able to work together in the interest of solving the real problems which confront us.

In the meantime, may I sincerely urge that every qualified voter fully inform himself as to the issues in the coming election and to fulfill his obligation to the children of this community by casting his ballot on May 15th. The polls will be located at the Lakeside Union Schoolhouse and will be open from 7 a. m. until 7 p. m.

For my part, whatever the result, I will continue to do my job to the best of my ability without favor and without malice, so long as my services are required.

Elmer M. Walker.

BILL POSTER

HARTFORD, Conn. — State Sen. Leonard Levy posted a new record before the busy legislative judiciary committee. He submitted 46 of 50 bills on the committee's calendar for one day, the most bills heard in one day from a single lawmaker in the state's history.

THANK YOU

The Lakeside Frontier Riders wish to express their appreciation to some of our Merchants and all our friends and neighbors along the "Frontier" for their cooperation and donations which made the Frontier Riders Rummage Sale a real success. The old Frontier faith of "Love n' help thy neighbor" still prevails among us today. Again "Thank You" All n' specially those who are called upon more often than one could count. Lakeside Star, Huffman's Dept. Store, Lakeside Feed Store, Mr. Bacon of Santee Feed Co. and others.

— SCHOOL BULLETINS —

QUESTION OF THE WEEK

This week's question was submitted by Mrs. Isabell Johnson. She asks, "What is the District's policy regarding retardation?"

Research in the field of education points conclusively to the fact that after retardation, in grades 4 and above, most often the incentive to learn is lost, and the personality of the individual child is seriously impaired.

In line, therefore, with what is considered by leading authorities the best educational practices, the Lakeside School District generally confines retardation to the first three grades. There are instances, however, when pupils tend to fall behind in higher grades due to various reasons which it is felt can be corrected by retardation without any detrimental effects upon the child's academic and social growth. For example when the child suffers a prolonged illness or exper-

iences an emotional conflict in his environment at school or home, it may be necessary to retard him.

When a child is considered for retardation, the parent, principal, and teacher meet and discuss the situation, considering what would be most beneficial for the child. Certain facts are always reviewed, these are (1) Standardizes achievement tests; (2) The child's intelligence potential, as indicated on standardized tests; (3) The opinion of the teachers with whom he works; (4) The child's age; and (5) The child's social adjustment.

It is very important that we realize that retardation has nothing to do with the child's promotion, but only as it affects the general achievement of the individual.

HI-Y NOTES

Mr. Charles Lucas, their Faculty Advisor, tells us that our Jr. Hi-Y didn't do so bad when they participated in the track meet held in Hoover High School on April 18th. As a matter of fact, we had two winners — Teddy Morris won first place in the Intermediate High Jump and Roy Wheeler did the same in the Standing Board Jump. Other boys who participated in the meet were Ronnie Salas, Ernie Hance, Wesley Kouns, Morgan Newman, Dale Barcia, and Kenneth Humphries.

NATURE STUDY

Mr. Paul Wolff and his fourth graders certainly seem to have chosen an appropriate time of the year to study birds as part of their science work. Already they have been able to see and identify the most common species and have begun studying others that may be seen in this area.

FIELD TRIP

Recently Mrs. Grassl's Third Grade visited the Museum of Man in San Diego and were especially interested in the Indian exhibits since they are now studying Indian culture and history.

After eating lunch in Pepper Grove, they drove along the San Diego water front and enjoyed seeing the Bay, the harbor and the various interesting places which the class learned about in their harbor unit earlier this year. Mrs. Butler, Mrs. Gohr, Mrs. Marco, Mrs. Merrill, and Mrs. Wood were kind enough to accompany the class on the trip.

SORRY

Recently we wrote about the Combination 5-6 Grade field trip to the Scripps Institution of Oceanography and failed to mention the names of Mrs. Betscher and Mrs. Merrill, who went with the group. We wish to apologize since both the class and teacher are very grateful to these two parents for all their help supplementary lunches and the desserts provided.

There'll be music in the air! The day is Friday, May 1st, the time is 10:00, the place is the Lakeside Cafetorium, and the occasion is the music program of the year.

Under the direction of Mr. Guy Kendall, some 103 students will participate in the assembly program which is to be the final public appearance of the musical organizations before graduation. Parents are cordially invited to attend and enjoy the program which the music department has prepared for us.

This program will be repeated on the same day at 1:30 in Lindo Park.

Flag Salute — Led by Margie

McClain.

Star Spangled Banner — Senior Band.

"Always Jolly" — March — Senior Band.

Medley of Folk Tunes — Combined Junior Bands.

"Melody Moments" and "La Spagnola," Accordion Duet — Donna Kendall - Donna Walling.

"Wooden Shoes" — Dance — Senior Band.

"Sunshine of Paradise Alley" and "Aren't You Glad Your You" — Glee Club.

"A Military Medley" — Accordion Solo — Carolyn Betscher.

"Row, Row, Row Your Boat" and "Clog Dance" — Waltz Medley — Junior Bands.

"The Desert Song" — Vocal Solo — Janet Wolcott.

"Romance" — "True Hearts" — Senior Band.

"First Movement of Mozart" — Piano Concerto — Phillip Tootmire.

"The Bells of St. Mary's" — Glee Club.

"Cuckoo Waltz" and "Little Village in the Mountains" — Junior Bands.

"Little Corporal" — March — Senior Band.

"Wheel of Fortune" — Vocal Solo — Sheila Spencer.

"I Don't Know Why I Love You Like I Do" — Trumpet Quartette by Senior Bandsmen — Robert Isom, Ronnie Ray, Fred Gates, Gary Perkins.

"The Air Brigade" and "The Clipper Ship U. S. A." — Two Marches by the massed band composed of both the Junior Bands and the Senior Band.

Helix High Wins Sweepstakes Award

Helix High's ninety piece Green and Silver Band won the Sweepstakes Award at the 6th annual Maytime Band Review in National City, Saturday, May 2. Marlene Killman, Helix's drum majorette, was named best drum majorette under eighteen years.

The ninety-four participating units were observed by a crowd estimated at 125,000 persons. The parade covered an area of fourteen blocks and the procession lasted two and one half hours. It was the largest such event in Southern California.

Trophies were awarded at the Memorial Bowl following a concert by the Marine Recruit Depot Band while judges tallied their scores.

The Helix Band is under the supervision of Mr. Daniel Lewis.

SALISBURY, N. C. — A fire truck set fire to a house here. Fire Chief Charles Burlett said his men found that a plastic toy fire engine had been left on a gas heater in a home. The engine caught fire and carried the flames to a rug.

SEEING RED

WEST HAVEN, Conn. — Mrs. Julia A. Keller sued a hair rinse manufacturer, charging that she inadvertently was made a strawberry blonde, causing her so much "humiliation" that she gave up social life for nearly a year.
